

Skills

Programming

- Java/ OOP
- Selenium
- Jenkins/Dockers
- TestNG
- JavaScript/ JSON
- HTML5/CSS3/Bootstrap
- API Protocols : REST.Apis
- Node.js/ DOM
- React/ Hooks/Redux.js/ NextJS
- SQL/ MySQL /Mongo.db

Software

- GitHub/ Git/ Gitlab
- Postman
- LINUX/Windows
- Amazon Web Services
- Excel/Powerpoint/Word
- Wireless ICT network
- Management IT
- Agile/Scrum

Others

- Data analyst
- Analytical Thinking
- Organizational skills
- Creativity
- Easy and quick learning
- Client Support
- Punctuality
- Communication
- Eager to learn

Language

English - Advanced

Russian - Native

Polish - Mid

Timur Giyazov

IT Student

I'm a results-oriented software developer with a background in technical support and a deep expertise in QA automation and web development. Proficient in JavaScript and Java, I'm passionate about software development, and I'm committed to delivering excellence in every project I undertake. I thrive on tackling fresh challenges, exploring new domains, and mastering cutting-edge technologies, all driven by my relentless pursuit of growth and development.
